Allergy Relief: Be Closer to Nature

Pascallerg®

What are allergies?

Allergies

Allergies are over reactions of the immune system to certain substances (such as foods, dust, pollen, dander, etc) which are known as allergens. These substances can trigger sneezing, wheezing, coughing and itching.

Some allergic disorders include:

- Eczema
- Hives
- Hay fever
- Asthma
- Seasonal allergies
- Food intolerances
- Insect stings

What causes allergies?

Allergies can be commonly caused by:

- Intestinal disorders such as overgrowth of bad bacteria
- Accumulation of toxins in the body
- Excess acidity in the body
- Poor diet

Use the power of nature

Nature has the solution!

An excellent alternative to medications

Allergies affect many and can become quite bothersome, however there are many ways they can be controlled. An excellent alternative to taking prescribed medications is the homeopathic remedy **Pascallerg®**.

Relieves symptoms

- ✓ Runny nose
- ✓ Coughing
- ✓ Skin reactions
- ✓ Watering eyes
